

Volunteer Research Internship

Open to college students who are currently pursuing or are interested in pursuing a career in a medical field

Allows the student to obtain hands on experience

Some universities give credits for participation

Also open to advanced placement high school students by special arrangement through school's guidance department

Volunteer Internship

Opportunities:

Observe Surgery

Radiology

Cadaver lab

Biomechanics lab

Shadow a physician

Statistical analysis

Assist in clinics

Clinical rotation

2009 Curriculum

Anatomy Lab Opportunities

Dissections for Interns (hands on)

June 3	Dr. Tom Currey	Dissection of elbow and wrist
June 18	Dr. Jesse Doty	Dissection of arm
July 29	Dr. Tom Currey	Knee Dissection

Arthroscopy Lab Dates: Labs located in Skills Lab

Faculty: Dr. Michael Tew

Interns may attend

June 25	7 – 9 AM	Knee: PCL
July 30	7 – 9 AM	Knee: Patellofemoral
August 6	7 – 9 AM	Shoulder: Distal Clavicle Excision
August 27	7 – 9 AM	Shoulder: Latarjet

Spine Lab:

Faculty: Dr. Paul Broadstone

Location: Orthopaedic Skills Lab

Interns may attend

July 23 7 - 9 AM

Classroom Opportunities

June 25	12:00 - 1:00	Patient Rights Speaker: Sylvia Friedl Location: UTCOM Conference Room
July 8	12:00 – 1:00	Overview of Trauma Anatomy and Physiology Faculty: Joe Rudd Ph.D. Location: Radiology Classroom
July 15	12:00 – 1:00	Trauma Case Reviews Faculty: Joe Rudd Ph.D. Location: Radiology Classroom
July 13	10:00 – 11:00	Casting Course Instructor: Jason Lockery Location: Orthopaedic Clinic Cast Room
July 15	1:00 - 2:30	Casting Course II plus External Fixation Devices Instructor: Jason Lockery Location: Orthopaedic Clinic Cast Room
